Have you always used the branch or other banks' ATMs to do certain transactions?

The following tips will assist you in banking faster and cheaper – at your own convenience:

- Use Internet or Cellphone Banking as more cost-effective ways to perform most of the transactions you do in the branch.
- Recharge prepaid airtime on Internet or Cellphone Banking.
- Open your Savings and Investments account using Internet Banking.
- In order to avoid paying the new cheque deposit fee, rather try to have deposits paid electronically into your account.
- Draw cash at Standard Bank ATMs to avoid paying additional fees for using another bank's ATMs.

Make an active decision to start practicing good banking behaviour:

- Avoid administration fees by ensuring that there is always sufficient money to cover any expenses coming off your account. You can carefully monitor the funds in your account by obtaining your account balance as often as you need on Cellphone/Internet Banking. Remember Cellphone/Internet Banking balance enquiries are free.
- Use our website's pricing calculator to ensure that you are on the most suitable pricing option given your transacting needs. Alternatively, contact your Business Banker.
